SUPERINOX

Multipurpose Display Solutions
made from stainless steel
featuring a linear design and utmost cost efficiency!

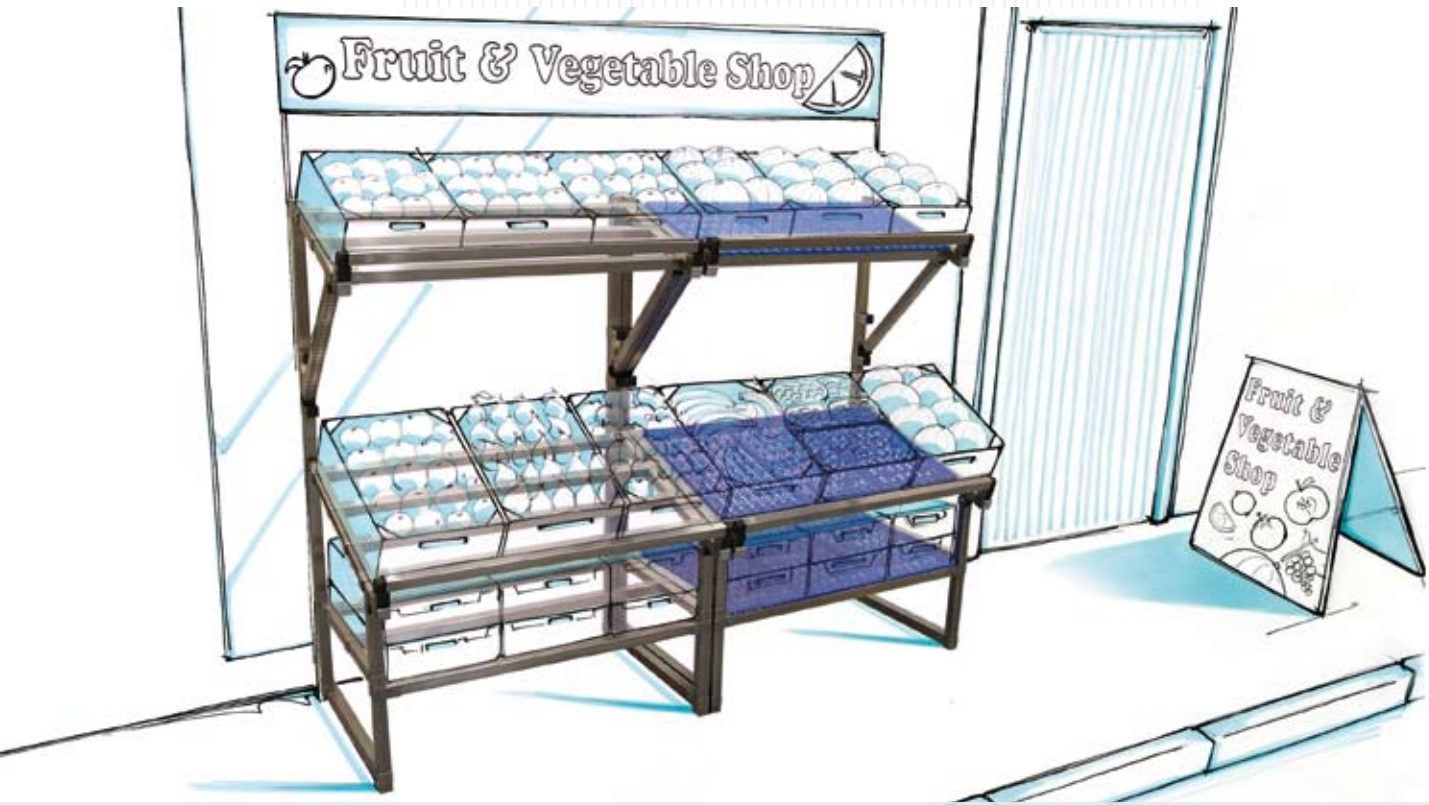

Innovative and modular
display solutions
for a wide range of products
within the market sector of
large scale retail.

SUPERINOX display units
are real eye catchers on the
shop floor, highlighting and
attractively displaying products,
at a truly competitive price!

The versatility of the SUPERINOX stainless steel profile allows the creation of modular display solutions that can be adapted to the need of various market segments and client's requirements.

Modular Display Unit

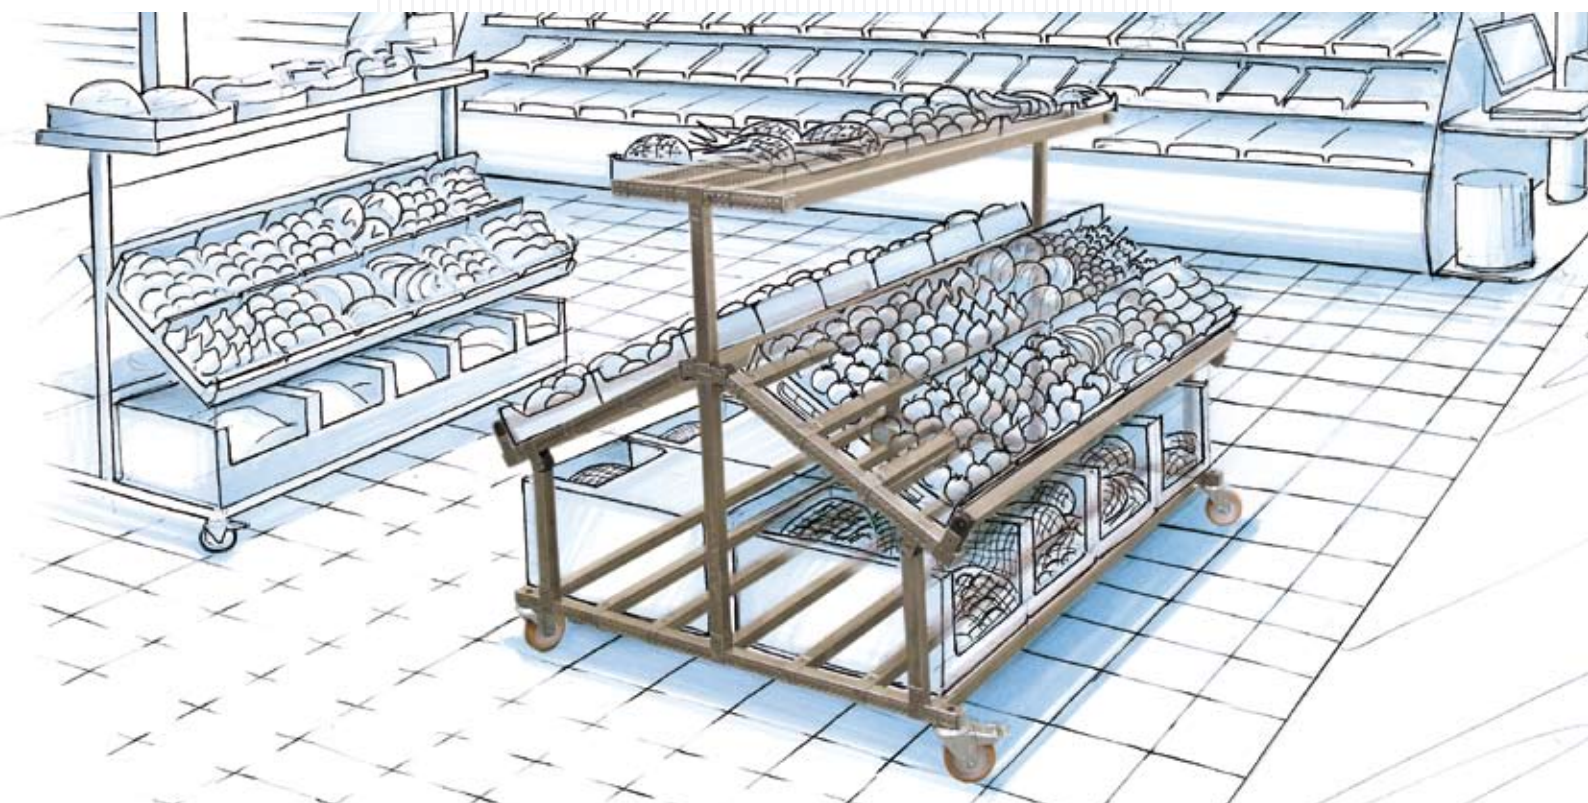

- modular structures, conceived with 3 display levels in height, for the display of fruit and vegetables: all items are perfectly suited for the storage of food stuffs
- available in two versions: with slatted stainless steel shelves or with perforated plastic panels
- standard dimensions 900 / 1200 / 1500 mm in length; special dimensions are available on request

Display Unit with slatted shelves	L=900 mm	L=1200 mm	L=1500 mm
Article Code n°	00006450	00006451	00006452
Overall dimensions <mm> (width x depth x height)	966x720x1550 mm	1263x720x1550 mm	1560x720x1550 mm

Display Unit with plastic shelves	L=900 mm	L=1200 mm	L=1500 mm
Article Code n°	00006453	00006454	00006455
Overall dimensions <mm> (width x depth x height)	966x720x1550 mm	1263x720x1550 mm	1560x720x1550 mm

Mobile Display Unit

- mobile display trolleys, featuring 3 levels in height; perfectly compatible with the food sector thanks to the materials used for its production: stainless steel and polypropylene
- the units are assembled with 4 castor wheels, 2 of which provided with brakes, to facilitate handling and movement
- standard dimensions 900 / 1200 / 1500 mm in length, special dimensions are available on request

Display Trolley with slatted shelves	L=900 mm	L=1200 mm	L=1500 mm
Article Code n°	00005897	00005898	00005899
Overall dimensions <mm> (width x depth x height)	1014x1186x1131 mm	1311x1186x1131 mm	1608x1186x1131 mm

Display Trolley with plastic shelves	L=900 mm	L=1200 mm	L=1500 mm
Article Code n°	00005917	00005918	00005919
Overall dimensions <mm> (width x depth x height)	1014x1186x1139 mm	1311x1186x1139 mm	1608x1186x1139 mm

Inclined exposition stands

made from stainless steel

- available as single-sided and double-sided units
- the frame and inclined exposition surface can be adjusted to 3 different inclination settings and contain a front stop device to prevent goods from falling down
- the display unit is completely foldable and can be set flat against the trolley base, thus reducing volume while not in use
- the frame is fixed to a flat trolley with 4 castor wheels, 2 of which with brakes, to facilitate material handling between sales, storage, working areas
- the trolley base has been designed to carry replenishment stock.

	Single Sided Exposition Stand	Double Sided Exposition Stand
Article Code n°	00005745	00005746
Overall dimensions <mm> (width x depth x height) - in the setting with the highest inclination	440x800x1240 mm	1100 x 800 x 1240 mm

Display tables

made from stainless steel

- available in two versions: with a slatted stainless steel base or with a basket base made from yellow perforated plastic panels
- standard dimension 1260x820x820 mm <length x depth x height>
- overall storage capacity approx. 310 litres
- special dimensions are available on request

	Display Table with plastic shelves	Display Table with slatted INOX shelves
Article Code n°	00005480	00005487
